The diagram illustrates the relationship between three source files in the Tesseract project. At the top is a header file, `disabled_collisions.h`, located in the `tesseract_scene_graph/include/tesseract_scene_graph/srdf/` directory. Below it are two source files. The file on the left, `srdf_model.cpp`, is located in `tesseract_scene_graph/src/`. The file on the right, `srdf_unit.cpp`, is located in `tesseract_scene_graph/test/`. Both source files have blue arrows pointing to the header file, indicating that they include it.
